

One of the fundamentals of sustainable economic success is the right balance between economic goals and social and ecological needs. In the TUI Group the responsibility for the society, employees and the environment is a significant factor of corporate dealings both in strategic planning as well as in day-to-day operations.

Sustainable Development

Environmental Management

TUI is continuously working to reduce external and internal environmental impacts by continuously introducing improved procedures and moreover works proactively for the nature, environment and climate protection. [more ...](#)

Social Commitment

Not only at our corporate locations but also in the holiday destinations we meet our social responsibilities with a high degree of commitment. [more ...](#)

Corporate Governance

TUI supports the principles of proper and responsible corporate governance as set out in the German Corporate Governance Code. [more ...](#)

Our Employees

The employees make a decisive contribution to the competitiveness of a company. This is just one of the reasons why we take the social responsibility of our employees seriously. [more ...](#)
